LUMINERALS

THE LUMINATE MINERAL

About Us

Luminerals have worked as a producer and supplier of Luxury stones since 2015 and also worked as a commercial company since 2019. Our vision is becoming one of the most reliable commercial company in the world Luminerals is one of the most important supplier of high-quality mineral and chemical products. We are able to produce and supply the products at the highest level of international standard with the highest quality and then export those to all over the world. Luminerals have exported so many products in branches of mineral and chemical products to Sweden, Denmark, Turkey, China, Oman, Qatar and etc.
